Leader in Online Marketing Category Named to Inc. 5000 List

San Francisco, — August, 2010 — LSF Interactive, a technology-focused global online marketing and media buying solutions and services company, has been named to *Inc.* magazine's 2010 *Inc. 5000* list of the fastest-growing private companies in America. LSF Interactive is listed as number 1143 on this prestigious list.

LSF Interactive recently strengthened its national and global footprint and extended its suite of services to further establish the company as a respected leader in the online marketing industry. The newly integrated solutions come with a rarely found attribute in this industry: guaranteed results. LSF Interactive is able to deliver on this promise by setting a new standard for customer responsiveness and implementing an integrated, customer-centric, ROI-driven approach. The results produced by LSF have proven to be successful in growing the company, which experienced a 261 percent increase in revenue between 2006 and 2009.

Two new additions to the company include ClearGauge, a Chicago-based business-to-business online marketing and consulting firm, and Unreal Marketing, a pioneer in online marketing based in Conshohocken, Penn. LSF Interactive now spans coast to coast and offers a strong option for multinational companies with its Paris-based European operations.

"LSF Interactive has established a track record of delivering ROI-driven campaigns. This honor recognizes the hard work by our experienced team of professionals resulting in guaranteed campaign improvements and measurable results for more than 250 clients worldwide," says Daniel Laury, CEO of LSF Interactive.
